## *Purpose*

Mitchell College, founded by Concord Presbytery, is dedicated to the Christian education of youth. The ideals of academic integrity and religious influence have been an essential part of the college tradition for over a century. Mitchell believes it can best fulfill these functions today by making itself as much as possible a community of learners, both teachers and students, who are committed to faith in God as revealed in Jesus Christ. Within this setting Mitchell College encourages every one of its members to share in the important tasks of academic life. The whole program, with its preparation for advanced academic work, specific vocational training, and informal student activities, strives to cultivate in all Mitchell College students a growing sense of personal, civic, and vocational responsibility.

## HISTORY

Mitchell College, one of the oldest colleges in North Carolina, began operation as a woman's college in 1856. Concord Presbytery had authorized its establishment as early as 1853; and, with the exception of one period, it remained under the control of Concord Presbytery until January 1, 1959, when it became an independent community college.

The building program of the newly chartered college was delayed by a storm which destroyed the partly constructed building; and because of this the college did not begin operation until September, 1856, when the present building was completed. At the end of the War Between the States, Mr. R. F. Simington purchased the property and thus began a period of private ownership for the college. The name was then changed from Concord Female Seminary to Simington Female College. During the late 1870's considerable progress for the college took place under the leadership of Mrs. Eliza Mitchell Grant, president, and her sister, Miss Margaret Eliot Mitchell, as her assistant. They were the daughters of the famous Dr. Elisha Mitchell, scholar and scientist for whom Mount Mitchell is named. In 1917 the name of the college was changed to Mitchell in honor of these women.

In 1896 the college, then known as Statesville Female College, was purchased by Dr. R. B. Shearer, a Presbyterian minister and president of Davidson College, who in 1900 returned the college by deed to the control of Concord Presbytery. In that year Dr. John A. Scott became president and again the college experienced considerable growth. Most notable was the addition in 1908 of an auditorium known as Shearer Music Hall. This addition to the physical structure of Mitchell was made possible through the efforts of Mr. W. F. Hall and other friends of the college. Also during the presidency of Dr. Scott the college became recognized as a teachers college and granted the A. B. and B. S. degrees. However, by the early 1920's it had become a standard junior college. For a long time the high school department known as the Academy was popular, but this department was discontinued in 1943.

By the early 1920's the college acquired the Caldwell house, which was converted into a home for the president. When, in 1942, the Carlton home was acquired, it was made the president's home and the Caldwell house became a residence for the dean of men and some of the men students.

Mitchell College became co-educational in 1932 during the administration of Mrs. W. B. Ramsay who headed the college for fourteen years until 1943. During her administration the curriculum was expanded and many extracurricula activities were formed. A gymnasium was also built during this period.

Mrs. Ramsay resigned in 1943 and was followed by Reverend R. S. Arrowood who served as president for one year. He was succeeded by Miss Frances Stribling who served for three years as president. Following her resignation in 1947, Mr. John Montgomery became president.

The 1950's proved to be eventful for Mitchell. In 1955 Mitchell was admitted into membership of the Southern Association of Colleges and Secondary Schools. In 1957 Mitchell acquired the Wallace house and converted it into a men's dormitory. The future of Mitchell was altered when a community drive to raise an endowment of \$350,000 was successful, and on January 1, 1959, the college became an independent community college. The Concord Presbytery relinquished its control of the physical property to the Mitchell College Foundation which in turn leased the buildings to Mitchell College, Incorporated. The control of the college is now in the hands of a self-perpetuating, rotating board of trustees, who in addition to representing outstanding business leadership in the community also represent Christian leadership from the community churches.

While the community of Mitchell is considered to include all of Iredell County, the college is dedicated to the rendering of a high standard of scholarship and Christian leadership to all students from wherever they may come.

## LOCATION AND CLIMATE

Located in Statesville, a city of about 20,000 population, Mitchell College is easily accessible from all parts of North Carolina by both train and bus service.

The campus is at the west end of Broad Street, one of the principal streets of the city, and conveniently near the churches, shopping district, post office, and public library. Statesville is 110 miles east of Asheville, 43 miles north of Charlotte, 50 miles west of Winston-Salem, and 27 miles northwest of Salisbury.

Statesville is in the healthful Piedmont section at the foothills of the Blue Ridge Mountains and has a delightfully mild climate throughout the year. The altitude is 960 feet above sea level.

## BUILDINGS

The main building is a stuccoed brick structure of three stories, ornamented by a lofty portico with six massive columns. The first floor contains the studio, kitchen, dining hall, and the auditorium. The auditorium, which has a seating capacity of five hundred, is equipped with a pipe organ and a concert grand piano. On the second floor are the parlors, offices, additional classrooms, and day student lounges. Dormitory rooms for girls, the infirmary, and the girl's lounge are on the third floor. Student lounges and dormitory rooms are comfortably furnished.

The gymnasium, located on the north campus, is a wooden structure with a regulation basketball floor.

Three houses adjoining the campus are used as residences for the president, the dean of men, and men's dormitory. Part of the dean's house serves as a dormitory for men.

The students' lounge, popularly called "The Kit," is located between the gymnasium and the main building. Part of the building provides locker room facilities and the rest of the space is used as a recreation area.

## THE LIBRARY

The Mitchell College library is an important part of the educational program. The book collection consists of over 9,000 volumes chosen to meet the needs of the curriculum. Books are constantly being added to enrich the work of each department and to provide for inspirational and recreational reading. The practice of open shelves gives the students direct access to the entire stack collection and to books on reserve. Directly accessible in the reading room are the reference books as well as the current numbers of over eighty carefully selected magazines and seven newspapers. Back numbers from the files are available on request. A large number of phonograph records are available for use in the listening center. Students are encouraged to use books in the reading room which has a seating capacity of approximately seventy and to borrow books for use outside the library.

Orientation in the use of the library is given to incoming students and students receive personal assistance from the librarian in all their needs. The college facilities are supplemented by those of the Statesville Public Library, the Iredell County Library, and the exchange privileges with larger libraries.

## **ACADEMIC REGULATIONS**

The faculty reserves the right to modify academic regulations at any time that such a need becomes evident.

### **HONOR CODE**

The student body at Mitchell College maintains an honor system which, since its beginning, has proved its worth and is now part of the tradition of the Mitchell College students. The honor system is administered by a committee of three elected students and a faculty adviser with the authority to recommend to the administration punishment to offenders up to and including expulsion from school. A violation of the code consists of lying, cheating, or stealing. No student is properly registered at Mitchell until he has signed a full statement endorsing the honor code.
